BRAND GUIDELINES

Brand Overview

9jaRooms markets and manages short-let apartments in Abuja. We have a basic logo that feels plain. We want a professional, modern, and memorable brand identity that communicates trust, hospitality, and ease of booking. Our long-term goal is to grow 9jaRooms into a nationwide brand, the leading platform for verified apartments in Nigeria.

The Logo Icon

This design uses two-tone green doors to subtly evoke the Nigerian flag, symbolizing local pride and nationwide ambition. The angled perspective suggests a dynamic, welcoming gateway to verified stays across the entire country.

Logo Lock up

The Logo Lockup section ensures the visual integrity of the brand by defining the precise relationship between the icon and the wordmark. By vertically aligning the geometric "open door" symbol with the typography, the lockup creates a balanced, professional appearance that scales effectively across all digital and print platforms.

Logo Don'ts

The Logo Don'ts section establishes strict visual boundaries to maintain brand consistency and professionalism as 9jaRooms scales nationwide. By prohibiting unauthorized color changes, distortions, or font swaps, these rules prevent the brand from appearing "plain" or disorganized.

Don't use a color that is not approved for the brand on any part of the logo

Do not rotate or skew the logo to fit any proportion or space

Do not use an un authorized typography for the brand wordmark or any of the brand texts

Do not try to tweak or add an element to the logo to avoid inconsistency across board
